The next screen asks you to enter the opening date of the branch. Under Wisconsin law, branch office filings must be made within 14 calendar days of the opening of the branch to be considered timely filed. The Branch Office Online system will verify the number of days between the opening date you enter and the date you are filing to determine if a late filing fee is due. (See Late Filing section below) Division staff will also verify the opening date entered with other available information to verify the accuracy of the filing. When you have entered the date, press NEXT.

This will take you to Your Shopping Cart, which will detail the charges to be made against your credit card. You have three options at this point:

1. File Another Branch Office—you can file as many branch offices as you like and receive one charge for the total.
2. Review the filing information by clicking on the branch Name link.
3. Remove the filing from the cart altogether.

IF YOU WANT TO CANCEL THE FILING AT ANY TIME, YOU CAN USE THE QUIT BUTTON.

If everything is correct, press the Proceed to Checkout button. If you have saved your credit card information on your account, that information will be filled in and pre-selected on the Payment screen. You will be given the choice to use the credit card information you saved or enter a different card.

If you have not saved your credit card information, you will be taken to a screen to fill in that information. The information is for this filing only and will not be saved for future filings.

Once you have completed the credit card information, press the payment button. You will be taken to the Order Confirmation page (partially displayed) and an email acknowledging payment will be sent to the Acknowledgement Person on the filing.

Late Filings

If a branch was opened more than 14 days prior to the filing date, a late filing fee of \$100 will be assessed and charged at the time of checkout. When you proceed from the Opening Date screen for a late filing, you will get a message advising you that the filing is late and subject to a late fee. The radio button acknowledging your understanding of the late fee charge is checked by default. If you wish to proceed with the filing, press NEXT. Otherwise, you can press the other radio button to appeal the late charge.

If you checked to appeal the late fee, the firm will then be asked to provide an explanation of why the late fee should be waived. The firm will still be charged the late fee upon completing the filing and Division staff will review the appeal request. Pressing NEXT will then take you through the same steps as a timely filing from this point forward.

The charge for the late fee will be itemized separately in your cart but cannot be deleted without also deleting the related branch office filing.

When a decision is made, usually within a day or two, the firm will receive an email on the outcome of the appeal. If a waiver is granted, a request will be made for a credit to the credit card used for the filing.
